

AI AND EMBRYO IMPLANTATION CERTIFICATE

I,
Veterinary Surgeon, Insemination Technician or Owner / Manager (*delete as appropriate*)

Of (address)
.....

declare that I have inseminated the semen or embryo described as:

<i>straw or embryo identification code</i>	
--	--

identified as (*delete as appropriate*):

<i>(AI) bull name</i>	
<i>embryo dam</i>	
<i>embryo sire</i>	

into cow:

<i>tattoo number</i>	
<i>known by the name of</i>	
<i>Date of insemination</i>	

Signed

Dated

The owner of the cow being inseminated is to forward this certificate to the Registrar within 14 days of insemination.

This form is required whenever Artificial Insemination or Embryo Implantation is used, even if the semen or embryos used originated from the herd it is being used in. Progeny from the use of the semen or embryos can only be registered if this form is submitted. The Galloways Australia Quality Assurance provisions require submittal within the required time period.

The Registrar, Galloways Australia Inc.
P.O. Box 309, Hall, ACT, 2618
